Course Description

The Advanced Child Abuse and Child Death course is designed for patrol officers and investigators to handle complex pediatric abuse and fatality cases.

Course Objectives

Upon completion of this course, students will:

- ✓ Identify patterns of physical abuse, neglect, and child sexual assault
- ✓ Utilize behavior-based approaches for both the victim and the abuser
- ✓ Implement death scene checklists for critical first-hour response steps
- ✓ Review real-world investigations to contextualize field practices

Instructor

The **Public Agency Training Council (PATC)** is a premier privately owned law enforcement and public safety training organization in the United States, founded in 1987. They offer over 600 specialized programs across the country, focusing on hands-on scenarios, case studies, and real-world instruction for officers
